CONSTRUCTION NOTICE LETTER

TO: Residents (Both Sides of Center Street)

RE: Center Street Sewer Separation

DATE: March 21, 2022

Dear Resident,

The City of Biddeford's Public Works Department has contracted with Gorham Sand and Gravel Construction Inc. to work on the Center Street Separation Project. Work will commence as explained below.

Work will start at 7:00 AM the week of March 28, 2022, and will require complete closure of street and/or single lane road closures throughout the project, finishing around 6:00 P.M. Project is estimated to last eight weeks. The ability to park on Center Street will remain available, although limited, throughout this project.

We understand that this may be a short-term inconvenience and we hope to work together with you in a professional and amicable manner. You may have seen utility companies painting the streets and sidewalks and placing small flags in your yard. Please do not remove or alter these flags for the duration of the project.

At the conclusion of this job, the City will restore all damages behind the curbing, including lawn restoration. All pavement will be restored back to its original condition or better. At this project's conclusion, the entire street and sidewalk will have new paving.

If you have any questions regarding this notice or the road construction project, feel free to contact Jeff Demers, Public Works Director or Craig Chekan, City Engineer at (207) 282-1579.

Thank you for your patience and cooperation during this project.

Sincerely,

Jeff Demers
